Support for final exam & portfolio

University College London
Department of Economics

ECON0007
The World Economy

Main Summer Assessment Period 2026

Student Name:	
Student Number:	
Seat Number:	**Calculator Model**: .....

Time allowance: You have **TWO (2) hours** to complete this examination. If you have been granted extra time and/or rest breaks under Reasonable Academic Adjustment, your individual examination duration will be extended pro-rata.

Calculators (UCL approved models only) **are** permitted in this examination.

Number of Questions Answered Policy: If you answer more questions than required by the examination rubric, it is Department policy to consider only the first set of answers up to the required number (not the best answers). All remaining answers will be ignored.

Recording of answers:

- Use the separate paper provided for all the necessary rough work, calculations or drafting of answers. If you need more paper for rough work, alert the invigilators by raising your hand.
- Enter your final answers, answer steps, and explanation/interpretation (as required) in the answer-boxes provided within this booklet.
- **Only results, workings, diagrams, and writing provided within the appropriate boxed answer-spaces will be marked.** Comments, notes or anything else outside of the boxed answer-spaces will be ignored.
- **Do not** remove any pages from this answer booklet!
- If you damage your answer booklet during the exam, alert the invigilators and request a new answer booklet. You will **not** get additional time!

Submission of answers:

- Ensure you provide in the spaces above your **correct student number** (see your student card) and your **correct name**, in BLOCK CAPITALS. Missing or erroneous information may result in marks not being allocated to you correctly.
- Only submit your answer booklet! Submitting a damaged or incomplete answer booklet may result in a mark of 0.

Part A: Multiple Choice Questions (40 points)

There are 20 questions in this part. Each question has 3 possible answers: A, B, or C. Only one answer per question is correct. You will receive 2 marks for each correct answer and 1 mark will be subtracted from your score for each incorrect answer. If you do not answer a question, you will receive zero marks for that question. If you write more than one answer for a question, you will also receive zero marks for that question. All questions have equal weight. The minimum mark for Part A is zero.

A1. Which of these statements is correct?

(A) Ricardian comparative advantage theory is able to explain South-South trade.

(B) Ricardian comparative advantage theory is able to explain Vertical intra-industry trade.

(C) None of the above

Answer A1: A B C

A1. Which of these statements is correct?

(A) Ricardian comparative advantage theory is able to explain South-South trade.

(B) Ricardian comparative advantage theory is able to explain Vertical intra-industry trade.

(C) None of the above

Answer A1: [A] [B] [C] |

Answer instructions for PART A: Indicate your answers to questions A1-A20 by placing a tick on the appropriate letter, as illustrated here:

[✓A] [B] [C] |

To change an answer, blacken the box with the tick and write out your answer on the right as illustrated below:

[■] [B] [C] | B

Part B: Short questions (60 points)

Answer 4 (out of 6) questions from this section. All questions are equally weighted.

Part B: Short questions (60 points)

Answer 4 (out of 6) questions from this section. All questions are equally weighted.

B1. Can New Trade Theory help us predict the pattern of horizontal intra-industry trade among countries? Explain.

Record your answer to Question B1 in the space below and on the next page. Do NOT use this space to record answers to any questions other than B1.

Answer-space for Question B1.
